

Available Rebates

SoCal Water\$mart base rebates are limited to the actual cost of the device, not to exceed the maximum rebate per device listed on this website. Unless specifically noted, actual device costs exclude tax, shipping, labor, and other charges.

Areas available for rebates may have varied rebate amounts depending on the local water agency's policies. Rebates may vary from "flat" to the actual cost of the device. The estimated rebate listed on the agency page is the maximum amount possible. Your actual rebate may vary depending upon the actual cost of the device(s) purchased.

Effective June 1st, 2014, Multi-Family High Efficiency Toilets are being offered starting at \$100.00 per toilet.

Effective October 15th, 2013, rebates are being offered for Plumbing Flow Control Valves and Soil Moisture Sensor Systems.

Measure	Base Rebate
Plumbing Fixtures	
High-Efficiency Toilets (Tank-Type)	\$100/multi-family toilet \$100/commercial toilet
High-Efficiency Toilets (Flushometer)	\$100
High-Efficiency Toilets (4 Liter)	\$145
